Windham, My Home

I love the Town of Windham because it has a new skateboard shop. It also has my favorite restaurant, Apollos Pizza. I work hard at our two family buisness', New England Stone Company and Bricktop Laundry. Windham has one of the greatest rec. sports programs in America. I Like to play football, basketball, and baseball. I like to ride my dirtbike across the Shetucket River when it's down and muddy. Last summer, at the Windham Free Library, we had fun looking for the lost book. My school has lots of good teachers including Mrs. "mom" Gonzalez. Windham agreed to have the Big Brother, Big Sister program in our community and I love my Big Sister, Kelsey.

I love Windham, it's the best place to live!!!
