Windham Is My Home

Willimantic is a great because there great jobs, beautiful houses, nice place to see. There are beautiful restaurants, parks and bigger stores. There are places that are peaceful and good schools for the kids to have education. There is a lot to see in Willimantic. The places to see are ECUS, the Third Thursday Street Fest, BOOMBOX PARADE, Frog Bridge and Public Library. It s a great city that cares for the hard working people. The people share because they care. The places in Willimantic are more special than you know so that is why it is the best city in the world!
